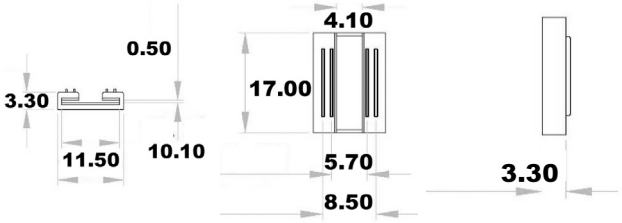
SPECIFICATION

Basic Parameters

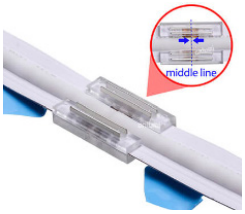
Size	17mm x 11.5mm x 3.3mm
Pin Quantity	4 Pin (RGB Colour)
Connection Type	Strip to Strip
Colour	Transparent
Temperature Resistance	105°
Voltage	DC 3-36 V
Current	5.5A
IP Rating	IP20
PCB Width	10mm

Technical Diagram



Connection Instructions

1. Push strip through the gap



2. Make both edges meet at middle linel of connector

3. Clamp both conductor for piercing PCB one by one

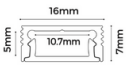
4. Connection completed

Recommended Solution/Accessories

LED STRIPS
DFR-24-10-RGB-20

CONNECTORS
SC-FEED-DF-RGB

PROFILE
1607 / 2507 / 1616



SC-CNR-RGB-4C

TRANSFORMER
GSTRAN-90-24-C (5m)
HLG-150-24 (10m)

CONTROLLER
RF-RGB-2Z
RGB RECEIVER
RF-RGB-038
