

LC05 – PENDANT

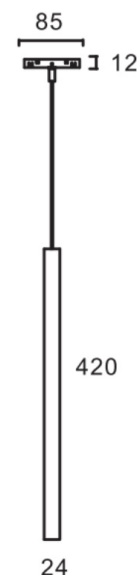

FEATURES

- **Elegant Design:** With a slim cylindrical body (24mm diameter, 420mm height), the LC05-DD24 adds vertical visual interest without overwhelming the space.
- **Soft Warm Light:** Operating at 3000K, it provides a pleasant warm white glow perfect for residential and hospitality environments.
- **Precision Lighting:** Available in 24° or 36° beam angles, allowing for focused task lighting or broader ambient coverage.
- **High-Performance Output:** Consumes just 5W while delivering excellent color rendering (CRI > 90, R9 > 50), ensuring vibrant and true-to-life colors.

Basic Parameters
