

MODRA INWARD CURVE

FEATURES

- From 2D to 3D Transformation: Whether linear or circular, the MODRA effortlessly shifts between 2D and 3D forms, elevating lighting to a new dimension and creating an immersive experience for any space.
- Customizable Design: The modular system allows you to get creative by mixing and matching various diameters, radii, and lengths, enabling you to bring your most innovative lighting concepts to life.
- Seamless Assembly: Custom lighting solutions can be designed and expertly assembled in Australia by Lightcore, ensuring precision and attention to detail in every project.

Basic Parameters	Details
Profile Material	AL6063-T5
Diffuser Material	PC
Finish	Black Custom powdercoat
Beam Angle	106°
Mounting Option	Surface mounted Suspended
Warranty	5 years
CRI	80
Voltage	24V
Typical Power	19.2W/1M
LEDs/M	160 PCS
Source LM/M	2900

Product Ordering			
CODE	KELVIN	FINISH	STOCK
